HOW TO USE THE VIVATECH APP?

(The Exhibitor Guide)

Summary

01

Complete your personal profile

02

Find the best profiles for networking

03

Send messages to other participants

04

Book meetings with other participants

05

Scan other participants

06

Edit the lead form on the Partner Workspace

07

Retrieve all my contacts in the Mobile App

80

Export your contacts on the App

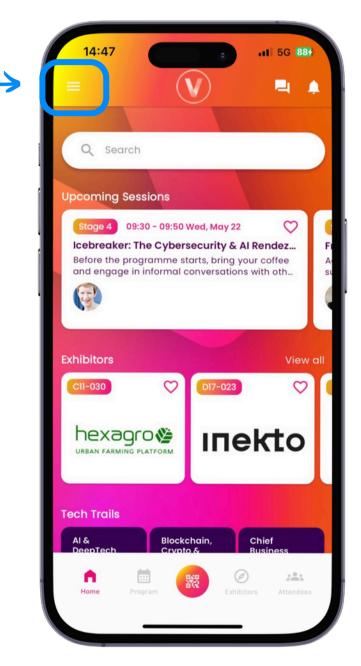

09

Export all my contacts in the Partner Workspace

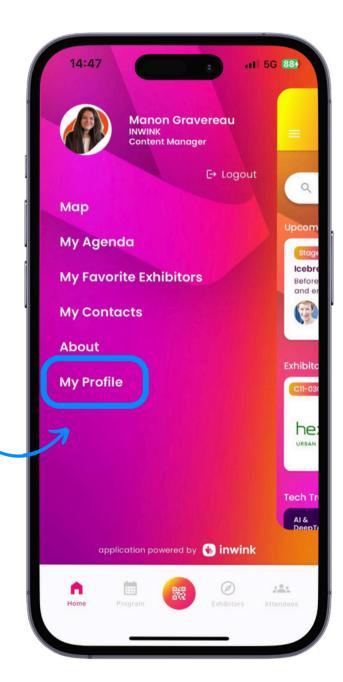

01 Complete your personal profile

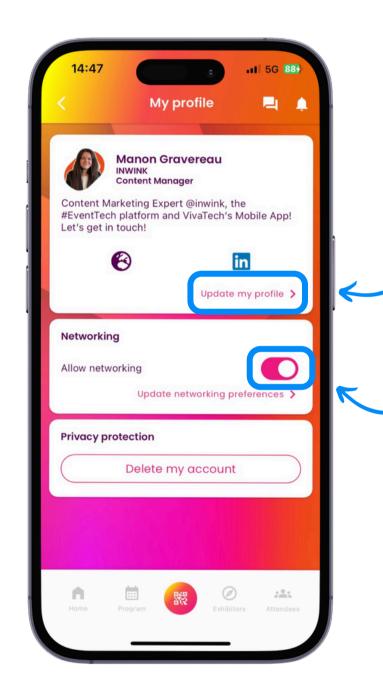

Click on the Menu button on the left of the home page.

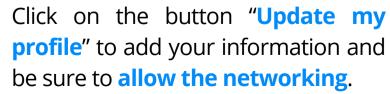

Select the menu entry "My Profile".

Add a profile picture, a description and your Social Media. The more complete your profile is, the more requests you'll receive.

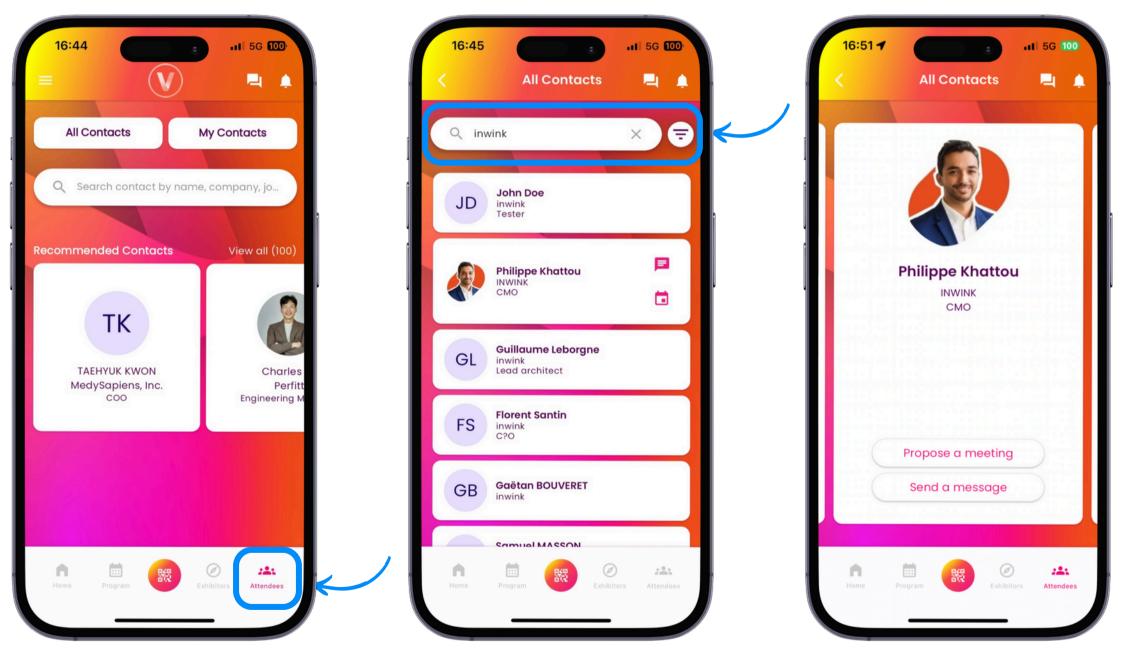

By allowing the networking, you'll make sure that other participants can get in touch with you.

02 Find the best profiles for Networking

Click on the Menu button "Attendees" to find out who's attending the event and who's available to network.

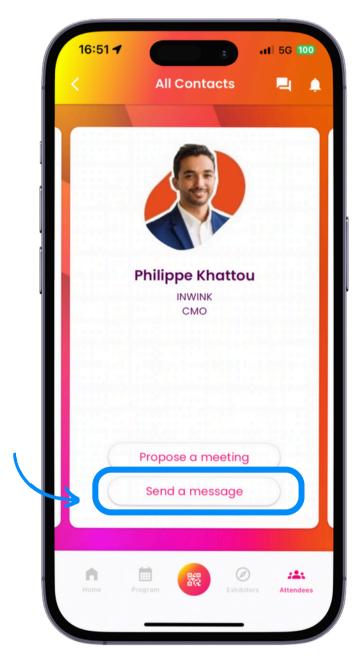

In the search bar, **find profiles by name, company or function**, etc.

Select the profile you are interested in to access more networking features.

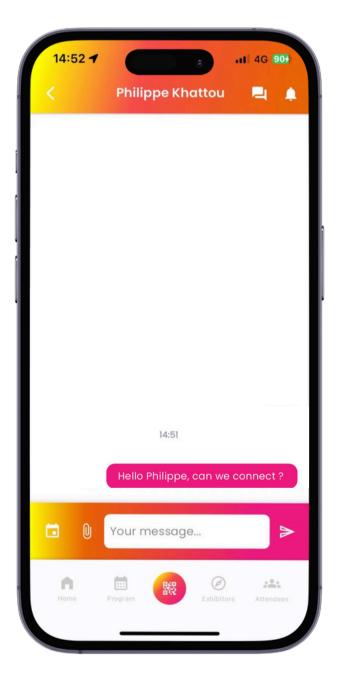

03 Send messages to other participants

When you are on the contact's profile, click on the button "Send a message" to chat on a private messaging.

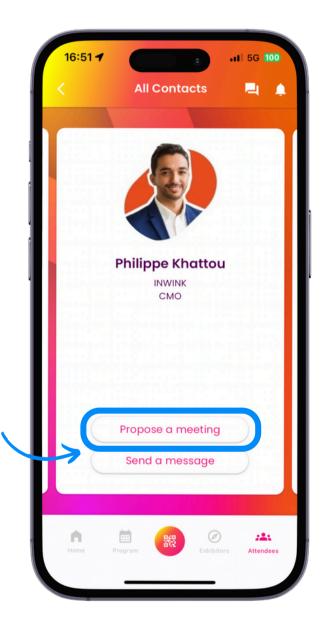

Access the chat module, where you can send private messages, files or book an appointment

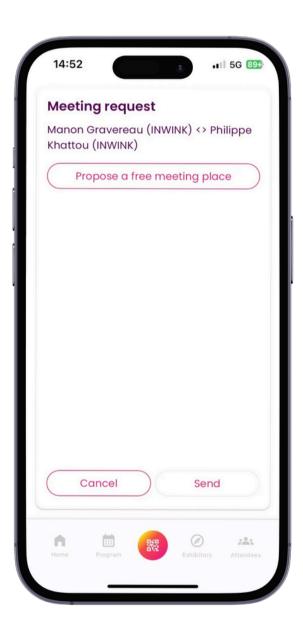

04 Book meetings with other participants

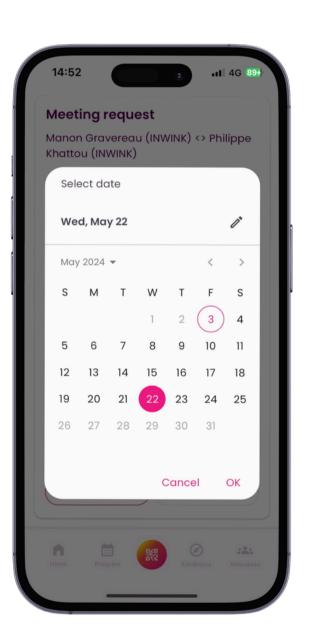

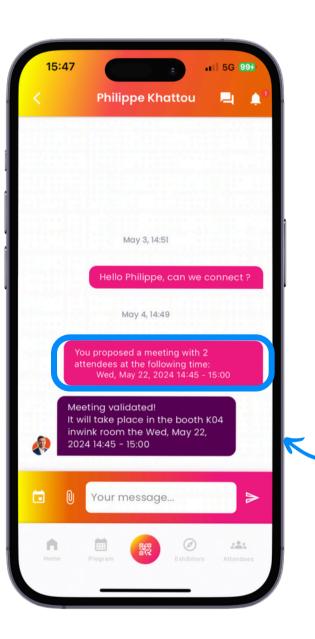

When you are on the contact's profile, click on the button "Propose a meeting".

Click on the button "Propose a free meeting place".

Select the date and time for the meeting.

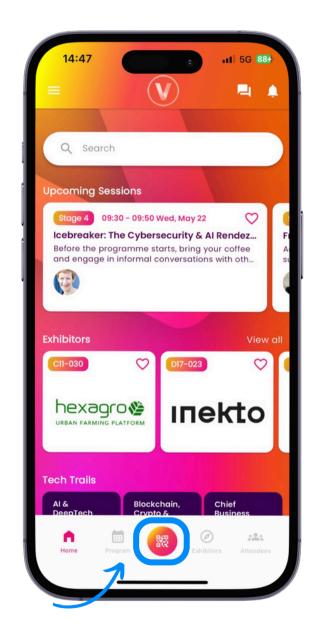

When sending the meeting, it will **appear on** the chat module...

And **in your personal agenda**.

05 Scan other participants

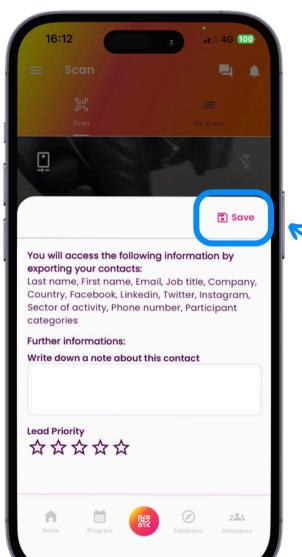

Access to the scan menu by clicking on the **button with** the QR Code icon

Select to scan as a member of your company (the contact scanned will be visible by other team members)...

... or **as your own personnal** profile.

You can personalize this form to add questions that may be relevant for the event follow up (see how).

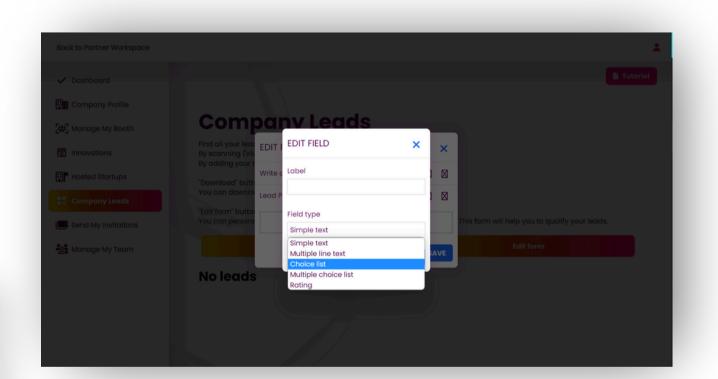

Fill the qualification form that will appear just after scanning and click on the button "Save"

06 Edit the lead form on the Partner Workspace

Back to Partner Workspace		±
